

**IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER
MONITORING REQUIREMENTS NOT MET FOR**

TYLER COUNTY PSD (FKA FRIENDLY PSD), WV3304801

We are required to monitor your drinking water on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. Between 1/1/2014 and 12/31/2019, we failed to submit the required samples as indicated below and therefore cannot be sure of the quality of our drinking water during that time.

What should I do?

There is nothing you need to do at this time.

The table below lists the required monitoring and the compliance period.

Required Monitoring	Compliance Period
03, MONITORING, ROUTINE MAJOR Radiological Sample Results Not Submitted	1/1/2014 to 12/31/2019

What happened? What is being done? (Describe corrective action)

Samples were collected in October 2019 but from an incorrect sampling site. TCPD was notified in Feb 2020 and new samples were collected. Sampling site plan has been updated. There were no issues with the quality of the water.
